

Introducing your AMIS Admin Team for 2010-2011

Pat Green, our newest member of the team, will be in charge of all the information from the online database, so you will hear from her with reminders about missing information and with general festival information.

She has been working with teachers at a school in Leicester for a number of years and will now share her expertise with us.

Lee Baker, who is starting her fourth year with us, takes over all the day-to-day financial operation for AMIS. You will continue to receive your invoices and financial reminders from her. You should direct all your financial questions and information to her from now on. She will also continue to monitor all post while Georgia is away and will receive and record all the auditions sent in for all festivals.

Georgia Bassett, your Executive Consultant, continues to be at the helm for the day-to-day running of AMIS. She will continue to send information and to field your questions if they don't fall into Pat's or Lee's brief.

Please first contact Lee or Pat if your question is regarding festival information or finances.
